

2019 Edition

POLYSAFE

PREMIUM UNBREAKABLE DRINKWARE

The beauty and elegance of glassware and the safety of Polysafe.

The stunning Polysafe drinkware range provides the customer experience you need from your glassware while providing a safe drinking environment.

The Polysafe range is stylish, lightweight and durable and made from the highest quality food-grade polycarbonate; it's beautiful to look at and cleverly crafted to provide a strong internal structure that guarantees no cracking or injection bubbles and results in a rigorous long lasting product.

Enjoy drinking from these products that look and feel exactly like the real thing. They can't be used as a weapon or shatter and break. Polysafe drinkware gives peace of mind.

Gorgeous to look at, a dream to drink from and a smart choice.

UNBREAKABLE QUALITY

Polysafe is the highest quality unbreakable polycarbonate.

SAFE DRINKING

Drinking with Polysafe feels just like glass, but without the risk of breakages.

GUARANTEED

Polysafe is fully guaranteed against cracking and crazing.

Care & Maintenance

- Hand and machine wash using Polyclean and Revive by Polysafe
- For heavily soiled glasses, use Revive, the polycarbonate soaker exclusive to Polysafe products.
- When hand washing, use only a soft sponge and avoid repetitive movements such as twisting whilst cleaning.
- Avoid using scourers and abrasive cleaning cloths, which make the polycarbonate glasses appear scratched and cloudy.
- Glass brush cleaners are also damaging to polycarbonate surfaces. We recommend folding a cleaning cloth over the bristles to create a protective barrier between the brush and the glass.
